388	15.25	750	-	Istra SH750 388
534	21	500	-	Istra SH500 534
534	21	750	-	Istra SH750 534
534	21	1000	-	Istra SH1000 534
915	36	1000	-	Istra SH1000 915
1220	48	1000	-	Istra SH1000 1220

We can design and manufacture custom sizes and ratings of channel strip heaters to suit your specific needs if your heater requirements are not listed above.

Constructed from seamless stainless steel tubing, helically wound nickel chrome resistance wire, and supported by thermally conductive ceramic insulators.

Finned Channel Strip Heaters can be manufactured upon request

Heating elements should always be installed by a licenced electrician
